Flickering sunlight

With the sunlight's gentle touch, through newly emerged flowers on the bird cherry trees, we celebrate the arrival of the new season. We welcome spring, with its glory and lush greenery all around, and spend our day outside to relax and renew. Let the swirling wind calm you while the delicate curtains playfully dance on fluttering clotheslines in the wildest part of the garden. Enjoy the flickering sunlight once again...

Ewa i Walla Spring/Summer 2022 presents "Flickering sunlight"; a collection filled with love, happiness and beautiful garments. Perfect for bringing joy to your everyday life and where you can easily find that special outfit for every festive occasion.

Ewa has, yet again, made a painting that gives us a stunning flower print on our beloved crispy cotton and the soft colour tones are a perfect match to combine with other fabrics and colours in the collection. The same is true for the yellow flower print in voile - an exquisite print also made exclusively by Ewa.

While Ewa had her brushes, easel and canvas, working with her next amazing piece of art, the Painter's Voile was created. The clothes are sometimes the closest in hand to wipe off your brush and this is how this playful fabric was made.

Ewa's work is also represented in this season's Poem Organdie defined by written poems from Ewa, embellished on two of our oldtime favourites styles as part of this season's Gold Label selection. Here, you can find more amazing models for this season's every festivity, all made with extra care and featuring unique details, buttons and lace in embroidered organdie, cute dots and a beautiful patch organdie.

Patches are also found on this season's linen patch. This delicate linen, carefully decorated with handmade stitching and patches in blue flower voile, captures the essence of Ewa i Walla.

This collection comes with carefully selected colours in Dust Pink, Light Blue, Mole and Sand together with Black and White, all made to perfectly match this season's lovely patterns with checks, stripes, dots and all the amazing flower prints, of course! Combinations are endless and give each wearer the opportunity to express themselves with a personal and unique styling that make you feel and look stunning.
